

5-star support funded by the NDIS

We can get things moving
in four simple steps:

- 1 Give us a call on 1300 726 291 and we'll set up an in-home consultation with one of our team members. During this meeting they'll get to know you a little better so we have the ingredients to produce a meaningful NDIS support plan with you.
- 2 From here, we'll identify the person that best matches your needs and personality and put together a plan to meet your goals.
- 3 We'll contact you to discuss your plan and make sure it meets your goals and fulfils your wishes.
- 4 Once everything is finalised and you're happy, we'll assist you achieving your goals.

Our Home Care team members are from over 20 cultures. They are all fully qualified in Disability Care, Manual Handling and Level 2 First Aid. They all have current reference and police checks that comply with State Legislation requirements.

100% transparent billing – no hidden fees

No matter what you need, our billing is 100% transparent with no hidden administration fees. You will always know how your funds are being spent.

Our charges are aligned with those outlined in the Victorian and Queensland price guide and are fully covered by the NDIS plan.

About us

BodeWell Community Care is a family-owned company that has been providing in-home services throughout Victoria and Queensland since 2007. We have passed all Annual Government Accreditation NDIS audits ever since.

Our values are at the heart
